

Reaching Out for Kids, Inc.
Golf Program

A 501© (3) Organization

A co-ed junior golf program for youth, ages 3 – 17 years of age. The program, started in 1997 through the efforts of Assistant Golf Professional Ron Dumas introduces youth to the game of golf and at the same time, children learn how to become healthy and productive persons. We believe our approach is innovative and fun as we help increase the potential for a healthy life style as youth and later as adults. Our focus is on character education and life enhancing values where respect, self-determination, good sportsmanship and a commitment to personal growth and achievement serve as the core of the program, all through the sport of golf.

ALL children play FREE!!!
